SAW AUSTIN ALIVE.

Jay Ramsay Swears He Drove the Missing Man Into the Woods.

or six weeks after he was drowned, made the witness tell the official titles of all the insurance men whose names appeared on the policy, and that the insurance began at precisely forty min

Messrs. Trull and O'Gorman had no questions to ask for the plaintiff.

Next Col. James introduced a Govern ment report to show that the tide at Sandy Hook and Coney Island w. coming in at the hour-about 4 P. M. when John C. Austin is supposed to have

when John C. Austin is supposed to have drowned, and was coming in fro.a two to three hours after that. This was to show that Austin's body could not have been carried out to sea, but must have been carried up on the beach.

The plaintiff's attorneys declined to accept this book, and Elias B. Dann, the Government weather observer, was called to show what was the direction and velocity of the wind on July 4, 1891.

Mr. Dunn, who is the handsomest and most suave witness Justice Patterson has had in 1894, testified from his records that on July 4, 1891, the wind was blowing from the southwest about all day, and from 2 to 6 o'clock that afternoon it blew from sixteen to seventeen miles an

berature ranged from 60 to 76.3 degrees, in very suddenly. The mercury took a bractically substantiating the testimony of Dallon, witness for plaintiff, that it was the coldest Fourth of July he had wer known.

Again, no cross-questions were asked and the handsome clerk of the weather rem away with his armful of records. Adolf Marx, a Lieucenant-Commander it the Navy, in charge of the branch ydrographic office in the Maritime Exhange, where reports of the tides are opt, came now to the tides are opt, came now to the tides are

Dr. Charles Jewitt, of Brooklyn, taken in 1890.

The big photograph was unveiled, and then Foreman Brown, the nervous juror, told the Court that he was disappointed in the enlarged picture because one of the two game was missing.

With a beautiful display of angelle patience. Justice Patterson explained mat the big picture was intended to show the figure of John C. Austin, and that the gun, standing a little apart, had been "cut out" as of no consequence.

Jay Ramsny, of Lowville, Lewis County, on the edge of the North Woods, where he keeps conveyances for tourists and hunters in the Adherical.

Sounty, on the case of the where he keeps conveyances for tourists and hunters in the Adirondacks, was the next witness. He said he had known John C. Austin in 1855, when he saw him "bout an

Mr. Ramsay recognized the big pho-

Mr. Ramsay recognized the big photograph as a borreat of John C. Austin, and recalled that in 1885 Austin had with him a wife, two children, a nurse and trunks, valiese, guns and packages requiring two teams to draw them over the hills and into the woods.

"I saw Mr. Austin bout three times that season," said the mountaineer, "They came out in August. My boy drove tem over to Lowville.

"They came again in less."

"I took them in myself, in 1887, my boys, Edward and 'Delbert doing the driving. They ushally came 'bout July 4, and I took 'em out the last of August.

gust. "They went to Fenton's, No. 4. They came up in 1888, 1889 and 1899, same came up in 1888, 1889 and 1899, same way."

"You observed Mrs. Austin? What was her condition?" asked Col. James.
"She didn't look very healthy. I heard of Mrs. Austin's death long in the Winter. bout Jan. 1, 1891.

"Did you ever see John C. Austin after that?" thundered Col. James.
"Yes. sir; I saw him in August, 1891. He got off the train from Utica at 8 o'clock in the morning. I shook hands with him and"—"Well! Did his hand feel clammy or phostly?" demanded the silver-haired lawyer.

er. "Well, I didn't notice anything," was "Well, I didn't natice anything," was the matter of fact reply of the witness, who never smiled.

"Mr. Austin handed me his bag and said he wanted to go over to No. 4. He went into the hotel and got his breakfast, while I hitched up a pair of horses to a light buckboard. It took about twenty minutes and then we started for No. 4. No. 4 is about eignteen miles in. On the way I told him I had seen in the papers his wife was dead. He said 'yes.

Saloon," the name of John Diskin was given as that of a prisoner held for the kings county Grand Jury to answer a charge of robbery. The mention of his mame was an error of inadvertence, which "The Evening World" regrets and which it desires to correct by giving to Mr. Diskin the full benefit of his innocence.

Assimple as sugar, and equally if not more use-

n. ross-examining, Mr. Truli asked: How many times have you seen John Austin since 1885?" About five or six times a year, 1

olar of some lowers of good fresh bread. All of this with he distributed to-day, and the work will be resumed to-morrow morning.

It must have been the sharpened instinct that humser provides that many objection. We want to work only eight hours a day, because that means employment to more received bread remembered their neads of the four firms named. The nection of the four firms named in the new soon spread. Those who received bread remembered them needing and a resolution was unanimously passed it issue a manifesto to the public exists a manifesto to the public exists a manifesto of the public exists a manifest of the work of the manifest of the public exists and the more provided that the public distance from the depot, which was all their pinched faces and thinky clothed bodies to tell that.

Among the men who called overcoats were a farity, and with the women a shawl, generally an old and faded one, ald service both as a cloak and covering the pinched faces and thinky clothed bodies to tell that.

Among the men who called overcoats were a farity, and with the women a shawl, generally an old and faded one, ald service both as a cloak and covering the received bread them to shiver and draw themselves constinued the warfare until October 15 those who is the public that the provided that the pu

palling and the ranks of the unexployed would be largely augmented. It may be here stated that our action in forcing the wight-hour assistant does not entail any financial loss to the employer, as carvers are reminerated for their services by the hour, and reveive any only for the actual number of hours they toil.

Therefore, it becomes apparent to all that the bosses have some ultralion purpose, which we can not but construe as an attempt to annihilate our association, the sequel of which will be a realization of their unsatisted desire to restore us to the position previous to 1886. The absurdity of their demand makes itself manifest when the fact becomes known that during the onst three mostle-
